PRAYER

STATEMENT

SEEDLINGS TO SOUTH GEM

Hon. Ochieng: Hon. Deputy Speaker, you can remember a day that Hon. Audi was following up on his Statement and I just wanted to put it across that the next contract will be forwarded and we have shared with him. I want to believe that his concerns have been dealt with unless otherwise.

He can clarify if he is contented. When I shared the response with him there was some challenge on it but he informed me further that he had talked to the Director and they have found a way how to solve that problem so I just wanted to hear from him whether he was sorted or not.

Hon. Audi: These issues cut across; the system in which they wanted to do it was a bit unique. There was money procured for distribution of seedlings to South Gem Ward then they decided to procure half of what we needed while they had money.

My only question was, why did they decide to do so and what was the intention? Later on after getting my Statement they decided to call the supplier again and I guess without the document to supply the remaining bit. Meaning they were under pressure or duress.

They then decided to supply the remaining amount after receiving the Statement. That's how portions are removed from the Budget and that was my biggest challenge. The able Chair did very well and I received the response.

Others are still pending like issues on deductions made for N.H.I.F. and N.S.S.F. from our market cleaners. We want to know why they are not enjoying the facilities and is it the HRM department from the Executive that is sleeping or who is sleeping?

Hon. Deputy Speaker: Hon. Members let us be upstanding for adjournment.
